"I turn a bright shade of pink every time I think how close I came to NOT having you for our Motivational Speaker. You were incredible, great, fantastic, moving, persuasive, creative, charming, electrifying...yes, I could go on and on.

*National Assn. of College Stores*

You, as a presenter, were absolutely electrifying. You kept our people on the edge of their seats and you kept their attention 100% plus!

*Inc. Magazine*

Never before have I seen a speaker have so much impact on our group. And never before, in my 13 years in association management and meeting planning have I seen a speaker receive two standing ovations. The first one following your presentation you are obviously aware of; the second came during our closing highlights slide show at the conclusion of the meeting. I put together photos of you, taken during your presentation, across the entire screen. When this came up, about one-third of the way through the show, the audience spontaneously rose and gave you a well deserved, thundering ovation. It was something to witness.
